Thanks Doug

Can you let me know who would be participating for the Tribe? That will help me decide who at EPA should be involved (technical staff, management, etc.) and then I can check schedules and suggest some possible times.

Thank you,

Peter Swenson (WW-16J)

Dear Jeremy and Doug,

I am writing in follow up to my message of January 5 (below), to ask if the Menominee Tribe would like to have a call with EPA to discuss your concerns regarding the Aquila Back Forty Mine Project.

If the tribe is interested, we would be happy to work with you to find a mutually agreeable time.

Sincerely,

Peter Swenson (WW-16J)

Subject: Nov 28 letter regarding Back 40 mine

Dear Jeremy and Doug

I am receipt of a letter dated November 28, 2016, from Chairwoman Delabreau, forwarding tribal concerns regarding the proposed Back 40 mine. We are wondering if the chairwoman or her staff would be interested in having a call with EPA to discuss these concerns. This would give EPA an opportunity to better understand the issues, and to talk about EPA's involvement in reviewing the project.

Please let me know if you would be interested in pursuing this. Also please feel free to call me at the number below to discuss further.

Thanks you,

Peter Swenson (WW-16J)
